FABRIC REQUIREMENTS

Please refer to the attached chart for yardage and cutting for the project. If you are using different fabrics, I suggest that you cut a small swatch of your fabric and paste over the corresponding fabric in the cutting chart for easy reference.

PRE-CLASS PREP

After cutting the required fabrics per the cutting chart, please pair (right sides together) and pin the following fabric strips so they are ready to go at class time. Pairings also indicated on the cutting chart.

- A/G (1) 6-1/2" x 18" strip
- A/F (1) 6-1/2" x 18"strip
- F/G (1) 6-1/2" x 18"strip

- B/E (1) 6-1/2" x 3-1/2"strip

Pre-Washing and/or starching your fabrics prior to class is optional. That said, I am a big fan of starching fabrics before cutting and during the piecing process

Fabric Requirements and Cutting

Place a swatch of the fabric you are using over the corresponding fabric on the cutting chart for easy identification.

For my sample, I used fabric from my Paradise Bay collection from Banyan Batiks by Northcott.
